Register before the Sept deadline for your chance to

**WIN 1 in 5 Flips**

With video and mobile technologies growing exponentially, it was only a matter of time before casting went global.

Web auditions are now being uploaded for overseas casting directors in a matter of minutes; casting directors are auditioning actors live via video links; and online showreels are providing 24/7 access to performers, with no boundaries. In recognition of this, the IACD is 100% committed to providing a modern, global network for performers, casting professionals and agents.

Showcast has long seen the advantage of being part of a global casting network. That is why we are one of the founding members of the decade old IACD. Other members Spotlight, UK and Breakdown Services, USA share our vision for the future. As the most established and respected casting services in our respective territories, IACD members listen to our respective communities, share the latest information, and work together to develop services that make it as simple as possible for casting directors to find actors, whether this is locally and globally.

We are therefore delighted to let you know that the Casting Society of America and the Casting Directors Guild of Great Britain now have exclusive access to Showcast's database of performing talent from Australia and New Zealand. We are proud to be showcasing the talent of Down Under performers and encouraging overseas productions to source our local talent, for production based both here and overseas.

As a member of SHOWCAST you not only benefit from this exclusive arrangement but if you register before the September deadline you will also be a part of the 50th Anniversary edition of SHOWCAST Publications. It will be a record release throughout the Australian and New Zealand casting communities.

The deadline for the 50th edition of SHOWCAST is September 3. Register before the deadline to win 1 in 5 Flip™ Video Cameras. If you have already registered, good news you're in the draw!

Please feel free to call or email us anytime, we're happy to help.
